JOINT ENGINEERING & TEST ENTERPRISE PORTAL

Department of War
OFFICE OF PREPUBLICATION AND SECURITY REVIEW

A comprehensive hub empowering the Department of War's engineers and testers with interactive capabilities, knowledge management, a tool catalog, and research data supporting engineering and test activities.

PURPOSE

Support the warfighter to accelerate the development and test of critical capabilities with:

- Centralized engineering and test tools, data, and guidance in one secure, accessible portal
- Improved coordination and strengthened system assurance across research, development, test, and evaluation activities

APPLICATIONS

Available applications include:

- Acquisition Security Database (ASDB)
- Guided Program Protection Plan (Guided PPP)
- Fundamental Research Risk Review Repository (FRRRR)
- Research and Development Security Forum (RDSF)
